

## Doggy Treats

Use the grid below to play Doggy Treats. Each player needs a copy of this sheet.

10										
9										
8										
7										
6										
5										
4										
3										
2										
1										
	1	2	3	4	5	6	7	8	9	10

One person marks their sheet with up to 20 hidden 'treats'. The other players then take it in turns to call out a square where they think a treat may be hidden. If they are right they get a point. Every one marks off the squares that have been searched. The game continues until all the treats have been found.
